

Specs for the City of Pikeville 2017 4X4 Utility Truck

The Purpose of the document is to create minimum specifications for a 4x4 pick-up truck.

Deviations from these specifications must be listed on a separate sheet of paper. The bidder must present proof of manufactures product liability insurance. Bidder must be a factory authorized dealer capable of supplying service, and parts from stock. The successful bidder will supply (2) sets of technical booklets and training material if necessary to operate components of the pick-up truck. The bidder must furnish three references of users of this type of equipment.

The City has the right to reject any and all Bids

A written warranty must be furnished to the City of Pikeville for the cab and chassis, bed, and appurtenances. Necessary warranty work will be completed locally.

Delivery will not exceed six (6) weeks from the bid is accepted by the City of Pikeville.
