

**CITY OF PIKEVILLE  
HAMBLEY ATHLETIC COMPLEX SOFTBALL FIELD TURF REPLACEMENT  
ADDENDUM NO. 2**

**INSTRUCTIONS TO BIDDERS**

Addendum includes only clarifications to the Scope of Work found in the “Instructions to Bidders” section of the original bid documents. These changes are as follows:

1. Section 2.1.A – Please note the phrase “or equivalent” is meant primarily to mean “functionally equivalent with physical characteristics that are approximately equivalent.” Please note that a system which has physical characteristics very close to, but not exactly, as outlined in Section 2.2 may be considered equivalent by “Owner” if function, reliability, and aesthetics are suitable for the owner’s use. This definition or similar interpretation will apply in all places in the bid documents.
2. Section 2.1.B – Please note that the intention for Alternate #1 is for the bidder to provide a proposal for a system that the bidder believes to be best suited for a softball only turf. The Motz Group’s Tripleplay system has been identified by the owner as a suitable example for reference only. Please provide specifications sufficient for owner’s review.
