At a special meeting of the Board of Commissioners of the City of Pikeville held on June 4, 1963, O. T. Hinton, City Attorney, reported that Joseph Justice had been able to obtain signed easement agreements from fifty-four (54) of the property owners involved in the sewer construction project and that he had been unable to obtain signed easement agreements from eighty-eight (88) and submitted a list of those easements obtained and those not obtained.

Mr. Justice was present and explained the difficulty that he was having with these property owners.

Mr. Hinton reported that it would be necessary to file condemnation proceedings against the owners of all properties who have not signed easement agreements without further delay and that he would need the services of Mr. Joseph Justice in the preparation and prosecution of these condemnation proceedings. Mr. Justice stated that he would be willing to continue his efforts to obtain as many of the signed easement agreements as possible and assist Mr. Hinton in the preparation and prosecution of condemnation proceedings against those who did not sign the agreement for a total fee of \$700.00, this to include the compensation heretofore covered by Resolution of the 30th day of April, 1963.

R. G. Wells offered the following Resolution:

BE IT RESOLVED that O. T. Hinton, City Attorney, be authorized to employ Joseph Justice to assist him in the work of obtaining the required easements for the sewer project either by obtaining written easement agreements from property owners or condemnation proceedings for a total compensation of \$700.00, which is to include compensation for obtaining easements covered by the previous Resolution.

Motion was seconded by E. Bruce Walters. Upon roll call the Motion was unanimously carried.
