## MINUTES } CITY OF PIKEVILLE

City Manager, Ayers Shortt reported to the Commission on HOPE INDUSTRIES.

City Manager, Ayers Shortt stated that he has told HOPE INDUSTRIES that the City would help them dig their elevation for placing the concrete for their baler.

Mayor Hambley stated that the City requests that newspapers be put in a single type of bag and that cardboard should be put in another bag because otherwise it will have to be separated twice.

City Attorney, Larry Webster reported to the Commission on the Keyser Property.

City Attorney, Larry Webster stated that he had talked with Herman Dotson. Mr. Dotson stated that they would cooperate and would not oppose the City in a condemnation suit if the City desired to condemn the property.

Commissioner Kermit Sexton suggested that they get with the Highway Department to find out exactly where the Fire Station Building will be before they do anything.

After a brief discussion Mayor Hambley stated that they would wait until they get it filled before they do anything.

The Commission had a lengthy discussion concerning the sewer location on Fairview.

Mayor Hambley stated that the entire line would have to be taken out because the line is not where the Housing Proposal was designed.

Mayor Hambley stated that they would have to engineer it out accordingly to see exactly where the lines are.

Bob Johnson suggested to the Commission to get a right of way or an Easement from the Housing Authority to be on their property.

Mayor Hambley stated that they would have to take it to court to find out where the lines are suppose to be.

Chester Smith presented Mayor Hambley a Franchise check from the Kentucky Power Company in the amount of \$ 5,909.56 for the year 1974.

Paris Lester came before the Commission concerning a water problem running over the road to his property. Mr. Lester asked the City to install a drain to prevent the water from running over the road to his property.

After a brief discussion Mayor Hambley instructed City Manager, Ayers Shortt to get the water situation fixed.

Juanita Hunter came before the Commission to report that other people were connected to her Gas and Water meter and that she was paying their bill as well as her own. Mrs. Hunter asked that her Gas and Water meter be placed in her yard.

After a brief discussion Mayor Hambley instructed City Manager, Ayers Shortt to put Juanita Hunters meter in her yard.

City Attorney, Larry Webster reported to the Commission that the Fiscal Court has sued the City over the Island Creek Coal Company.

Joe Justice came before the Commission concerning a sewer problem. Mr. Justice stated that they needed a four inch line.

After a brief discussion Mayor Hambley instructed City Manager, Ayers Shortt to look onto the situation and to get an estimate on the costs for fixing the four inch line.

Mayor Hambley also instructed City Manager, Ayers Shortt to get the basketball baskets in the City Park repaired.

The Commission had a brief discussion on the City's Garbage Dump. Mayor Hambley stated that the City was not going to allow everyone to dump their Garbage at the City's Dump.

Mayor Hambley read the following letter from the State Consulting Engineers.

June 3, 1974

Honorable W. C. Hambley, M. D., Mayor  
City of Pikeville  
Pikeville, Kentucky 41501

Subject: EPA Grant Application for Sewerage Facilities Planning

Dear Mayor Hambley:

Since our meeting with you, Mr. McCauley, Dr. Fox, and others in Pikeville on May 23, 1974, we have met with the Division of Water officials of the Kentucky Department for Natural Resources and Environmental Protection and discussed with them the planning area and lead applicant designations for the Pikeville area. They are in agreement that the designation of the City of Pikeville as the lead applicant for the general planning area discussed at our meeting in Pikeville would be the logical approach, and would no doubt speed up the possibility of obtaining grants for the planning and construction of sewers for a specific area within the general planning area, such as the Blairtown-Mullins area. Since no designation of general and detailed planning areas has yet been made by the State for your area, it was their suggestion that we submit these areas to them as desired by local officials and the Big Sandy Area Development District. We are enclosing herewith a map with the general and detailed planning areas for the Pikeville area outlined as we believe they were envisioned at the May 23rd meeting in Pikeville, together with a letter from the State defining the planning areas. If you are in agreement that these would be logical study areas with Pikeville as the lead applicant we will submit this map to the State officials.

One of the requirements for the filing of a Step One Grant from the Environmental Protection Agency is an engineering agreement between the lead applicant and its chosen engineering firm. We feel that through our work with the Big Sandy Area Development District on the comprehensive regional water and sewer plan we are well qualified to perform the engineering studies required for your area. However, if you have an existing contract with another firm which would provide the required services, we would not attempt to enter into such a contract with you because of professional ethics. Please let us know at your earliest convenience whether or not we should submit a contract for your review under these conditions.

As soon as we hear from you regarding the proposed delineation of study areas, we will proceed with a submittal to the State Officials.

Very truly yours,

/s/ JOHN L. WESLEY, JR.
