	EUGENE DAVIS	YES
	ROBERT AMOS JR.	YES
MAYOR:	W. C. HAMBLEY, JR.	YES

The Motion Carried.

A List of Old Gas Lines that has been killed was presented to the Commission. Cecil Ray noted that in a couple of weeks we would be completely off old gas lines.

Mayor Hambley stated to Cecil Ray that wherever we have valves to get the proper type of valve boxes and not have them covered with asphalt and not know where they are. We need to be able to do valve inspections and testing because a lot of our insurance is going to be based on this type of program. We need to have this right up to date.

MINUTES } CITY OF PIKEVILLE

A discussion of how to obtain enough salt for this winter. The prices and the number of salt suppliers was discussed. It was decided that we would have to go ahead and stock up right now for this winter on salt and saw-dust. Hambley said we had better get some in-expensive de-icer.

The elimination of the walkway on Polley Bridge. The subject of eliminating the walkway was brought to Robert Amos attention. There was so few people who walked across the bridge that they thought it should be left off. Robert Amos Jr. said he had talked to John Bowling of the State Garage and he had said that it would eliminate 28% of the weight of the Polley Bridge.

Mayor Hambley said we were going to have to take a position on the new bridge. He stated that the new bridge 6 miles away would cost the City because of maintenance point of view it will cost the City of Pikeville something unbelievable. It would cost an additional Fire Station which would cost at least \$100,000.00 dollars per year to maintain.

As we are developing our Fire Department and Services we need to have it located at a point to where it can serve Ratliff's Creek and put them within the range of 3 miles that will give them a decrease in rates. Three miles will take us down to Coal Run Village going straight down the river, it will also allow us to get back in there. We need to have the new bridge just above the Polley Bridge and since it will have no walkway, we need to leave the Polley Bridge as it is as a Bicycle-Pedestrian Bridge. Robert Amos said that if we go by the Original Design the Polley Bridge will be several months earlier in starting construction than the new one. The new one will be a minimum required bridge of 22ft. wide.

It wasn't voted on but all agreed that the Polley Bridge will remain as it is.

Motion To Adjourn.

Roy Alexander made the motion for the meeting to adjourn. Robert Amos Jr. seconded the motion.

Upon roll call the vote was as follows:

COMMISSIONER:	ROY ALEXANDER	YES
	SIDNEY RATLIFF	ABSENT
	EUGENE DAVIS	YES
	ROBERT AMOS JR.	YES
MAYOR:	W. C. HAMBLEY, M.D.	YES
