## REGULAR MEETING - APRIL 8, 1985

The Pikeville City Commission met in their regular meeting on April 8, 1985 in their regular meeting place at 211 Division Street in Pikeville, Kentucky.

Mayor W. C. Hambley, M.D. presided over the meeting and called it to order at 7:30 P.M. Those members present were:

COMMISSIONER:	RUSH DYE FRANK MORRIS ROBERT PAGE HARDING DAWAHARE

The minutes for the previous meetings were deferred until the next regular meeting.

In Business from the floor, the Commission discussed the possibility of allowing parking on the retaining wall on Cline Street to provide access to the homes on the hill. The Commission felt this matter was still premature to make any decision, but it was suggested that the design of this wall was not intended for parking.

A resident of Elm Street came before the Commission to ask about the progress of razing the building of the York Estate at 209 Elm Street. The City Attorney will check on procedures for having the structure torn down, as the fire marshall's office has declared it condemned.

Jack Sykes, City Engineer, alerted the Commission to the problem of storm drainage on Park Street. The Sewage Treatment Plant Operator is concerned over the amount of run off that is going into the plant. The problem stems from the drainage on Park Street going into the sanitary sewer. A solution would be to install 800 feet of line with 3 manholes to tie into the sewer at the boulevard (Julius Avenue) intersection. Estimated contractor cost is \$30,000.00.

A bill was presented to the Commission from James Ellis & Associates for design work on the park building at the W. C. Hambley Athletic Field in the amount of \$5941.65. There was some doubt as to whether the City is liable for this bill. The clerk was directed to find a copy of the minutes pertaining to this matter and include in the next meeting's agenda package.
