INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
City of Pikeville, Kentucky

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of City of Pikeville, Kentucky, as of and for the year ended June 30, 2012, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of City of Pikeville, Kentucky's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Pikeville, Kentucky, as of June 30, 2012, and the respective changes in financial position, and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2012, on our consideration of the City of Pikeville, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

To the Board of Commissioners
City of Pikeville, Kentucky

Page 2

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 11 and 52 through 68 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Pikeville, Kentucky's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Management's Discussion and Analysis Financial Report

City of Pikeville

June 30, 2012

Our discussion and analysis of Pikeville's financial performance provides an overview of the city's financial activities for the fiscal year ending June 30, 2012. Please review in conjunction with the transmittal letter and the city's financial statements.

REVIEWING THE ANNUAL REPORT

The annual report covers multiple financial statements. The Statement of Net Assets and the Statement of Activities supply data about the activities of the city as a whole and provide information regarding the city's finances. For government activities, these statements provide long-term and short-term information about the city's overall status. Financial reporting is similar to that found in the private sector with its basis in full accrual accounting. Fund financial statements show city operations in more detail than government-wide statements, as they provide information about the city's most important funds.

FINANCIAL HIGHLIGHTS

Due to this year's operations, the city's net assets are as follows: Net assets of business-type activities were \$22,961,565 and net assets of governmental activities were \$56,519,795.

- The current year's expense total was \$14,285,877 as compared to the \$14,650,847 generated in fees and charges, grants, general revenues, and taxes for governmental programs (before extraordinary items). In the previous year, expenses were \$13,633,584 as compared to the \$15,824,652 generated in tax and other revenues for governmental programs (before extraordinary items).
- For business-type activities, city revenues were \$8,131,413. Expenses were \$7,444,331. In the previous year, city revenues were \$7,864,199. Expenses were \$8,088,951.
- The annual cost of all city programs was \$21,730,208. The previous year's cost was \$21,722,535.

Management's Discussion and Analysis Financial Report

City of Pikeville

June 30, 2012

THE CITY AS A WHOLE ANALYSIS

Because the Statement of Net Assets and the Statement of Activities provide facts about the city as a whole, the statements can help determine if a city's financial condition has improved or deteriorated as a result of the year's activities. All assets and liabilities are included in the statements using the accrual basis of accounting. The accrual method is comparable to the accounting used by most private corporations. All current year revenues and expenses are included. It does not matter when cash is paid or received.

These statements give an account of the city's net assets and any changes in those assets. However, to truly judge the condition of the city, some non-financial factors, such as diversification of the taxpayer base or the condition of the city's infrastructure, must be considered in addition to the financial information provided in this report.

The Statement of Net Assets and the Statement of Activities divide the city into two types of activities:

- 1) **Governmental activities:** The city's basic services are accounted for in this section, including the police, fire, public works, parks departments and general administration. Property taxes, franchise fees, and state and federal grants finance the majority of these activities.
- 2) **Business-type activities:** These activities are reported in the fund financial statements and generally report services for which the city charges customers a fee. There are two kinds of Business-type activities. These are enterprise funds and internal service funds. Enterprise funds essentially encompass the same functions reported as Business-type activities in the government-wide statements. Services are provided to customers external to the city organization such as water utilities. Internal service funds provide services and charge fees to customers within the city organization such as fleet services (maintenance and repair of vehicles) and the print shop (mail and printing services for city departments). Because the city's internal service funds primarily serve governmental functions, they are included within the Governmental activities of the government-wide financial statements.

Management's Discussion and Analysis Financial Report

City of Pikeville

June 30, 2012

DETAILING THE MOST IMPORTANT FUNDS

The fund financial statements provide detailed information about the most important funds of the city. Certain funds are mandated by State law and by bond agreements. Other funds are established to manage money, meet legal requirements or for certain taxes or grants.

- **Government funds:** Basic services are reported in government funds. Government fund financial statements detail how money flows in and out of the funds and reports the balances left at year-end that are on hand for disbursement. Government funds are reported using an accounting method called modified accrual accounting. This method measures cash and financial assets that can easily be converted to cash. The governmental fund accountability focuses on the use of spendable resources during the year and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the next term.

Budgetary comparison statements are included in the basic financial statements for the general fund and major revenue fund. These statements and schedules demonstrate compliance within the city adopted and final revised budget.

- **Proprietary funds:** Proprietary funds are those in which the city charges for services it provides, both to city units and outside customers. Proprietary funds are reported in the Statement of Net Assets and the Statement of Revenues, Expenses and Changes in Fund Net Assets. The city's enterprise funds, a component of proprietary funds, are the same as the business-type activities we report in the government-wide statements, but they give more detailed information such as cash flow. Another component of proprietary funds are internal service funds. Internal service funds cover activities that provide supplies and services for city programs.

CITY SERVING AS TRUSTEE

Due to trust arrangements, the city is often accountable for assets that can only be used for trust beneficiaries. All of these trustee proceedings are detailed in separate Statements of Fiduciary Net Assets and Changes in Fiduciary Net Assets, if required. Because the city cannot use these assets to finance its operations, these activities are not included in other financial statements. However, the city must be certain the assets detailed in these funds are used for their intended purposes.

NOTES TO FINANCIAL STATEMENTS

The notes provide additional information that is necessary for a full understanding of the data provided in the accompanying financial statements.

OTHER INFORMATION

In addition to the financial statements and notes, this report contains supplementary information and details of the accompanying financial statements.

CITY AS A WHOLE

The city's combined net assets from the previous year were \$76,166,289 as compared to \$79,511,360 this year. However, net assets and expenses from governmental and business-type activities must be reviewed separately. Table 1 focuses on the net assets and Table 2 focuses on changes in the net assets of the city's governmental and business-type activities.

The city's net assets for governmental activities were \$56,519,795 this year as compared to \$56,154,825 last year. Unrestricted net assets were \$10,169,482 last year as compared to \$13,510,606 this year. Unrestricted net assets are those that can be used to finance every -day operations without restrictions set by legislation, debt covenants, or other legal regulations.

The net assets of the city's business-type activities were \$22,991,565 this year as compared to \$20,011,464 last year.

City revenues (excluding extraordinary items) for the current year were \$25,075,280 as compared to \$24,935,379 in the previous year. The total yearly cost of all programs and services was \$21,730,208 as compared to \$21,722,535 in the previous year.

Management's Discussion and Analysis Financial Report

City of Pikeville

June 30, 2012

GOVERNMENTAL ACTIVITIES

This year's governmental activities revenues were \$15,466,218 as compared to \$14,810,369 last year. The year's governmental activities cost was \$14,285,878 as compared to \$13,633,584 in the previous year.

Table 3 details the cost of the city's major programs as well as each program's net cost (total cost less revenues generated by the program). The net cost indicates the financial burden that was shifted to the city's taxpayers by each of these programs.

Table 3
Governmental Activities

	Total Cost of Services		Net Cost of Services	
	Current Year	Previous Year	Current Year	Previous Year
Police Department	2,025,311	1,954,197	2,025,311	1,954,197
Fire Department	2,433,732	2,270,373	2,433,732	2,270,373
Public Works				
Education

All others	9,140,271	8,190,703	9,140,271	8,190,703
Totals	<u>14,285,877</u>	<u>13,633,584</u>	<u>14,285,877</u>	<u>13,633,584</u>

BUSINESS-TYPE ACTIVITIES

This year's Business-type activities revenues (see Table 2) were \$14,810,369 as compared to \$10,125,010 last year. This year's expenses were \$13,633,584 as compared to \$8,088,951 in the previous year. These figures are somewhat due to these reasons:

GENERAL FUND BUDGETARY STATEMENTS

The City Council revisits the budget several times during the year. The current year's budgets focus on general funds, major funds and on availability of fund resources.

CITY FUNDS

At year end the city reported a government funds balance of \$79,511,360 as compared to \$76,166,289 in the previous year.

Management's Discussion and Analysis Financial Report

At the close of the year, the city had invested \$72,485,559 in capital assets such as land, buildings and improvements, equipment or infrastructure (see Table 4). \$71,586,549 was invested in similar assets last year.

The current year's chief capital asset additions included:

- Construction of Marion Branch water and sewer.
- Purchase of ambulances, trucks for the sanitation fund and various other vehicles.
- Infrastructure for Sandy Valley water fund and Mossy Bottom sewer fund.

DEBT MANAGEMENT

At the close of the year, the city had \$12,358,119 in outstanding bonds and notes as compared to \$11,934,351 in the previous year (see table 5).

ECONOMIC ISSUES / UPCOMING YEARLY BUDGETS

City public officials considered many issues when establishing the upcoming year's budget, tax rates, and fees.

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET ASSETS

June 30, 2012

TOTAL FUND BALANCES - TOTAL GOVERNMENTAL FUNDS \$ 13,436,881

Amounts reported for governmental activities in the statement of net assets
are different because:

Capital Assets used in governmental activities are not financial resources
and therefore are not reported in the fund statements. 47,485,638

Long-Term Liabilities, including bonds payable, are not due and payable in the
the current period and therefore are not reported in the funds. (4,402,724)

Total Net Assets - Governmental Activities \$ 56,519,795

The accompanying notes are an integral part of the combined financial statements.

CITY OF PIKEVILLE, KENTUCKY

RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
Year Ended June 30, 2012

Net change in fund balances - total governmental funds.	\$ 3,267,539
Amounts reported for the governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their useful lives and reported as depreciation expense.	1,927,447
The cost of capital assets is allocated over their useful lives and reported as depreciation expense.	(2,146,215)
Proceeds from Long-Term Debt	(3,025,000)
Bond Issuance, Discount	58,552
Bond Issuance Costs	73,725
The repayment of debt principal is an expenditure of government funds, but the repayment reduces long-term debt in the statement of net assets.	208,291
Other reconciling items	631
Change in net assets of governmental activities	<u>\$ 364,970</u>

The accompanying notes are an integral part of the combined financial statements.

CITY OF PIKEVILLE, KENTUCKY

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2012

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Pikeville was established by Charter on June 5th 1893.

The City of Pikeville, Kentucky (City) operates under a Council-Manager form of government with four commissioners and a mayor. The mayor serves a four year term and the commissioners serve a two year term.

The City provides the following services as authorized by its charter: public safety (police and fire), highway and streets, water, sewer, gas, sanitation, culture-recreation, public improvements, planning and zoning, and general administrative services.

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP). The City's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements, which is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Proprietary funds apply Financial Accounting Standards Boards (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

The more significant of the City's accounting policies are described below.

1 – Related Organizations

The accounts of the related entities listed below are not included because these entities are autonomous agencies operating independently from the City. Their elected or appointed board contracts independently for audits of their financial statements.

Pikeville Independent School Board
Pikeville Housing Authority
Pikeville/Pike County Public Library
Industrial Development and Economic Authority (IDEA)
Pikeville Main Street Program, Inc.
Historic Preservation Board
Pike TV, Inc.

Swim Team Board
Park Board
Pikeville/Pike County/Elkhorn City Joint
Planning Commission
Big Sandy Heritage Center
Hillbilly Days Board
Zoning Board

2 – Government-Wide and Fund Financial Statements

a) Government-wide Financial Statements

The government-wide financial statements include the statement of net assets and the statement of activities. These statements report financial information for the City as a whole excluding fiduciary activities. The primary governments are presented separately within the financial statements with the focus on the primary government. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and City general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees, fines and forfeitures, and other charges to users of the City's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets and include fees to developers. These revenues are subject to externally imposed restrictions to these program uses. Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2 – Government-Wide and Fund Financial Statements (concluded)

b) Fund Financial Statements

Fund financial statements are provided for governmental, proprietary, and fiduciary funds. Major individual governmental and enterprise funds are reported in separate columns with composite columns for non-major funds.

3. Measurement Focus, Basis of Accounting, and financial statement Presentation

The financial statements of the City are prepared in accordance with generally accepted accounting principles (GAAP). The City's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements and applicable Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The City's reporting entity does not apply FASB pronouncements or APB opinions issued after November 30, 1989.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). However, internal eliminations do not include utility services provided to City departments. Reimbursements are reported as reductions to expenses. Proprietary and fiduciary fund financial statements also report using this same focus and basis of accounting although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax revenues are recognized in the year for which they are levied while grants are recognized when grantor eligibility requirements are met.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported as expenditures in the year due.

Major revenue sources susceptible to accrual include: property taxes, franchise taxes (fees), and hotel/motel taxes. In general, other revenues are recognized when cash is received.

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary, continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for sales or services. Principal operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as needed. Likewise, fund balances that are committed or assigned would be used first for their approved purposes and unassigned fund balances would be used as needed.

4 - Fund Types and Major Funds

The City reports the following major funds:

a) Governmental Funds

General Fund - The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Projects Control - are used to account for the construction of major capital facilities (other than those financed by proprietary funds). Principal sources of revenue are grants, City funding, and municipal long-term debt proceeds and interest income.

Debt Service Fund Types – accounts for funds used to pay debt service costs. Principal sources of revenue are City Funding and interest income

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4 - Fund Types and Major Funds

b) Proprietary Funds

The City reports the following major enterprise funds:

Water – accounts for the operating activities of the City's water utilities service.

Sewer – accounts for the operating activities of the City's sewer utilities service.

Gas – accounts for the operating activities of the City's natural gas utilities service.

Sanitation – accounts for the operating activities of the City's garbage collection service.

Sandy Valley Water – accounts for the operating activities of the City's Sandy Valley water utilities service assumed from the Sandy Valley Water District in the fiscal year ended June 30, 2007.

Mossy Bottom Sewer – accounts for the operating activities of the City's Mossy Bottom sewer utilities service assumed from the Mountain Water District during the fiscal year ended June 30, 2007.

c) Other Fund Types

The City also reports the following fund type:

Agency – report fiduciary resources held by the City in a custodial capacity as an agent on behalf of others. The City's agency fund is used to account for various deposits.

5 – Component Units

In accordance with GASB Statements No. 14, *The Financial Reporting Entity* and No. 39, *Determining Whether Certain Organizations Are Component Units*, as amended, the City has included in its financial statements the departments the primary government along with its discretely presented Component Unit.

The Component Unit column in the government-wide financial statements includes the financial data of the City's discretely presented component unit. It is reported in a separate column to emphasize that they are legally separate from the City. The following Component Unit is included in the reporting entity because the primary government is financially accountable for and is able to impose its will on the organization.

The discretely presented component unit has a June 30 fiscal year end.

SMG Food and Beverage, LLC is a legally separate entity that operates the East Kentucky Exposition Center (Expo Center). It is shown as a discretely presented component unit because

- a. City is under contract with the Eastern Kentucky Exposition Center Corporation Board to operate it,
- b. City enacted a restaurant tax to support the Expo Center,
- c. The Expo Center receives oversight from the City of Pikeville Commission.

The complete financials of the SMG Food and Beverage, LLC can be requested.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6 - Fixed Assets

The City's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost and comprehensively reported in the government-wide financial statements. Proprietary capital assets are also reported in their respective fund financial statements. Donated assets are stated at fair value on the date donated. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets, including those of component units, are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

The City has complied with GASB 34 and included certain infrastructure assets in the government-wide financial statements. A listing of streets and their respective length, in feet, were provided by the city engineer with an estimated replacement cost per foot. The weighted-average age of the streets were used to determine the date in which to book the streets. The replacement cost per foot was discounted back to that date and applied to the Accumulated depreciation is calculated from that date to present. Also, the City's bridges were booked using same method on a "per square foot" basis.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund type operating statements present increase (revenues) and decrease (expenses) in net total assets.

Depreciation of all exhaustible fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight line method. The estimated useful lives are as follows:

Utility plant	40 years
Machinery and Equipment	5-10 years

7 - Budgets and Budgetary Accounting

The City Council follows these procedures in establishing the budgetary data reflected in the financial statements:

- a) In accordance with the City Charter, prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them for the upcoming year, along with actual for the current year and prior year budget. The City Charter requires that the budget be submitted in summary form. In addition, more detailed line item budgets are included for administrative control. The level of control for the detailed budgets is at the department head/function level.
- b) Public hearings are conducted to obtain taxpayer comment.
- c) Prior to June 30, the budget is to be legally enacted through passage of an ordinance.
- d) Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Fund, and Enterprise Funds.
- e) Budgets for the General, Debt Service, Special Revenue Funds, and Enterprise Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- f) Budgetary data for the Capital Project Funds has not been presented in the accompanying combined and combining financial statements as such funds are budgeted over the life of the respective project and not on an annual basis.
- g) Appropriations lapse at the end of each fiscal year.
- h) The City Council may authorize supplemental appropriations during the year.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

8 - Investments Policy

With prior approval of the Mayor and City Commission the Finance Director may invest in obligations of the United States and its agencies and instrumentality.

Without prior approval of the Mayor and City Commission the Finance Director may invest in certificates of deposit issued by or other-interest bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation or similar entity or which are collateralized, to the extent uninsured, by any obligations permitted by section 41.240(4) of the Kentucky Revised Statutes.

For the current fiscal year the City invested only in certificates of deposit and savings accounts. Investments are stated at cost or amortized cost approximates market.

9 - Restricted Assets

These assets consist of cash and short-term investments restricted for debt service.

10 - Reserves

The City records reserves to indicate that a portion of the retained earnings and fund balance is legally segregated for a specific future use. Following is a description of each reserve used by the City and a list of all reserves:

Reserve for Debt Service - An account used to segregate a portion of fund balance for debt service resources restricted to accumulate to the maximum amount of principal and interest that will become due in any subsequent twelve-month period per the bond covenants.

Reserve for Operation and Maintenance - An account used to segregate a portion of fund balance restricted for operating and maintaining the system. The reserve reflects amounts accumulated to a balance specified in the bond covenant.

Reserve for Sinking Fund - An account used to segregate a portion of fund balance for debt service resources restricted to the payment of long-term debt principal and interest amounts maturing in future years when sufficient amounts are not reserved in bond debt service accounts.

Reserve for depreciation - An account used to segregate a portion of fund balance for amortization of capital expenditures as required per bond covenant.

Reserve for Prior Sinking Fund - Per Bond ordinance for "City of Pikeville Water and Sewer System Revenue Bonds, Series 2007." Amount transferred from the revenue fund and deposited as required by prior bond ordinance.

CITY OF PIKEVILLE, KENTUCKY

CITY OF PIKEVILLE, KENTUCKY

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2012

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

11 - Revenue Recognition - Property Taxes

The City's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for both real and personal property located in the City. The City adopts the county assessment of property situated within the city limits, for both real and personal property. The assessed value of the roll, upon which the levy for 2012 fiscal year was based, was \$434,120,540 real and \$79,921,245 tangible.

The tax rates assessed for the year ended June 30, 2012 were \$.150 per \$100 valuation for real estate and \$.150 per \$100 valuation for tangible personal property.

Taxes are due on October 1 and become delinquent by February 1 following the October 1 levy date. Current tax collections for the year ended June 30, 2012 were 99.100% of the tax levy. Property taxes on vehicles are assessed at January 1, and are billed when the vehicle is licensed. These funds are collected by the Pike County Court Clerk and remitted to the City. These amounts were not used in computing the above percentage.

All property tax revenues are recognized and recorded when they become measurable and available. Available means due, or past due and receivable within the current period and collected no longer than sixty days after the close of the current period.

Property taxes receivable as of June 30, 2012 and 2011 are composed of the following:

<u>Year of Levy</u>	<u>2012 Amount</u>	<u>2011 Amount</u>
2011	\$ 12,721	\$ 0
2010	6,909	9,725

13 - Compensated Absences

City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is entitled to receive accrued vacation but not accrued sick leave. Accumulated vacation pay at June 30, 2012 and 2011, respectively was \$104,485 and \$127,460.

14 - Statement of Cash Flows

For purposes of the Statement of Cash Flows; the Gas Fund, Water and Sewer Fund, and the Sanitation Fund; all highly liquid investments (including restricted assets) were considered to be cash equivalents. Highly liquid investments are defined as investments that (a) are readily convertible to known amounts of cash and/or (b) are near to their maturity that they present insignificant risk of changes in value because of changes in interest rates.

15- Utility Deposits

The City requires a deposit be made before services will be provided for those customers who are tenants. Those deposits are for gas (\$75.00) and water (\$25.00). When the customer has services disconnected the deposit plus interest accrued is applied to their last bill and the remainder being refunded. Interest is accrued at the rate of 6.0 % per annually.

16 - Prepaid Expenses

Certain payments to vendors reflects costs or deposits applicable to future accounting periods and are recorded as prepaid items in the basic financial statements.

17. Long-term Debt and Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums, discounts, and issuance costs are deferred and amortized over the life of the bonds using the outstanding interest method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums, discounts, and issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums and discounts on debt issuances are reported as other financing sources or other financing uses, respectively, and issuance costs are reported as debt service expenditures.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2012

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)18 - Fund Balances

In the fund financial statements, governmental funds report the following classifications of fund balance:

- **Nonspendable** – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.
- **Restricted** – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.
- **Committed** – includes amounts that can only be used for specific purposes. Committed fund balance is classified, rescinded or modified pursuant to ordinances passed by City Commission, City's highest level of decision making authority.
- **Assigned** – includes amounts that City intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Amounts may be assigned by the Finance Director under the authorization of the Mayor's Office.
- **Unassigned** – includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund. City reports all amounts that meet the unrestricted General Fund Balance Policy described below as unassigned.

NOTE B – GENERAL OBLIGATION BONDS ISSUED (Refinancing)1 – General Obligation Bonds, Series 2012B (Refinancing)

On May 30, 2012, the City of Pikeville, Kentucky issued general obligation bonds of \$5,000 (par value) with interest rates varying from .900% to 4.00% to refinance term bonds with an interest rate of 4.75% and notes payable with interest rates of 4.50% and 4.125%. The term bonds mature on January 1, 2042. The general obligation bonds were issued at a discount and, after paying issuance costs of \$49,951, the net proceeds were \$1,170,000. The net proceeds from the issuance of the general obligation bonds were used to refinance Refunding Revenue Bonds, Series 1985. The advance refunding met the requirements of an in-substance debt defeasance and the term bonds were removed from the City's government-wide financial statements.

As a result of the advance refunding, the City reduced its total debt service requirements by \$580,707, which resulted in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$440,501.

	Reduction of Debt Service	
	<u>Requirements</u>	<u>Economic Gain</u>
1985 Series A Revenue Bonds (91-13)	\$ 353,807	\$ 311,976
USDA Rural Development (92-14)	180,405	99,142
Kentucky Infrastructure Authority (92-12)	46,495	29,383
	<u>\$ 580,707</u>	<u>\$ 440,501</u>

2 – General Obligation Bonds, Series 2012C (Refinancing)

On May 30, 2012, the City of Pikeville, Kentucky issued general obligation bonds of \$5,000 (par value) with interest rates varying from 1.000% to 2.250% to refinance term bonds with an interest rate of 5.00%. The term bonds mature on January 1, 2023. The general obligation bonds were issued at a premium and, after paying issuance costs of \$34,430, the net proceeds were \$1,375,386. The net proceeds from the issuance of the general obligation bonds were used to refinance Refunding Revenue Bonds, Series 1985. The advance refunding met the requirements of an in-substance debt defeasance and the term bonds were removed from the City's government-wide financial statements.

As a result of the advance refunding, the City reduced its total debt service requirements by \$543,510 (adjusted for proceeds), which resulted in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$465,778.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE G - COMMITMENTS AND CONTINGENCIES

LITIGATION - Various claims and lawsuits are pending against the City. In the opinion of the City attorney, the potential loss on all claims will not be significant to the City's Financial Statements.

FEDERAL GRANT PROGRAMS - In the course of operations, the City receives grant funds from various federal and state government agencies to be used for designated purpose only. The grant programs are subject to audit by agents of the granting authorities, the purpose of which is to insure compliance with conditions surrounding the granting of funds. If a grantor's review indicates that the funds have not been used for the intended purpose, the grantor may request a refund of monies advanced or refuse to reimburse the City for its expenditures. In management's opinion, any liability for any refunds or reimbursements which may arise as a result of audits of grant funds would not have a material impact on the financial position of the City. Continuation of the City's grant programs is predicated upon the grantor's satisfaction that the funds provided are being spent as intended and the grantor's intent to continue their programs.

Construction Commitments - The City has active construction projects as of June 30, 2012 and have committed to other projects that will begin in fiscal year end June 30, 2013. The projects include improvements to government buildings, facilities, construction of theater, and other various ongoing projects.

NOTE H - REPORT RECLASSIFICATIONS

Certain previously reported amounts have been reclassified to conform to 2012 report classifications.

NOTE I - MANAGEMENT CONTRACT

The City contracted with the UMG to manage the Street, Water and Sewer, Gas, and Garbage departments of the City. The contract went into effect on December 2006.

UMG is paid a monthly fee and in turn they pay certain expenses relating to the operation of the above departments.

The City bills and collects all utility charges and related fees.

NOTE J - HELLIER MANOR APARTMENTS, LTD (HDG GRANT)

In 1984 the City received a Housing Development Grant (HDG) from the U. S. Department of Housing and Urban Development in the amount of \$1,430,002. The City loaned the grant proceeds to Hellier Manor Apartments, Ltd. (HMA) who used the funds, in addition to bond proceeds, to construct the Ridge Cliff Apartments.

These funds are to be repaid over a twenty-year period that will commence when the bonds are paid and is to be paid from profits in excess of a 10% return on investment.

Due to the length of time between the origination of the loan and the commencement of payment, and the possibility of unforeseen conditions, the likelihood of collection is such that it cannot be predicted, thus this loan receivable is not recorded.

NOTE K - LETTER OF CREDIT - KENTUCKY INFRASTRUCTURE AUTHORITY

This note payable is for the construction of additions to the City's wastewater treatment plant. The note will be repaid in semi-annual installments starting December 1, 1992 and the last payment being on June 1, 2012. The City is required to maintain an irrevocable letter of credit in the amount of \$381,888 to cover debt service payments for two years. The City is required to establish a Reserve for Operation and Maintenance in the amount of 5% of the original principal by making deposits on or before each payment date, in the amount of 10% of each payment.

The City also increased occupational license fees to 2%, with the .5% being earmarked for debt service of this note.

There currently is no balance outstanding.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2012

NOTE L - RETIREMENT PLAN

All employees are covered under the County Employees' Retirement System (CERS), a cost sharing, multi-employer, public employers' retirement system administered by the Kentucky Retirement Systems. The Plan operates on a fiscal year ending on June 30, and issues financial statements as of that date, which can be obtained from Kentucky Retirement Systems or viewed at www.kyret.com.

Employers contribute at the rate determined by the Board of Trustees, of the Kentucky Retirement Systems, to be necessary for the actuarial soundness of the systems as required by KRS 61.565. The employer rate is reviewed annually following the valuation by a consulting actuary. *Employer contributions are not deposited to member accounts.* Employer contributions are deposited to the Retirement Allowance Account and are used to pay monthly benefits and the expenses of the systems.

Funding for this Plan is provided through payroll withholdings from the employee's total compensation subject to contribution. All required contributions were made. Contribution percentages and amounts of contributions required for CERS are as follows:

The City's payroll subject to retirement withholding for 2012, 2011 and 2010 was \$3,507,985, \$3,273,434 and \$3,042,330 respectively.

The "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure, which is the actuarial present value of credited projected benefits, is intended to help users assess the pensions' funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among the plans and employers.

Year	Rate – Non-hazardous		Amount	
	Employee	Employer	Employee	Employer
2012	5.00%	16.93%	\$79,976	\$295,039
2011	5.00%	16.93%	\$71,244	\$236,313
2010	5.00%	16.16%	\$56,512	\$173,430

Year	Rate – Hazardous		Amount	
	Employee	Employer	Employee	Employer
2012	8.00%	33.25%	\$139,945	\$625,556
2011	8.00%	33.25%	\$137,385	\$570,565
2010	8.00%	32.97%	\$138,394	\$570,357

Year	Total Amount	
	Employee	Employer
2012	\$219,921	\$920,595
2011	\$208,629	\$806,878
2010	\$194,906	\$743,787

CERS does not make separate measurements of assets and pension benefit obligation for individual employers. As the City is only one of several employers participating in the Plan, it is not practicable to determine the City's portion of the unfunded past service cost or the vested benefits of the City's portion of the Plan assets.

The benefits of all vested members are based on years of service and final compensation. Annual benefits are computed based on 2.2% of Final Compensation multiplied by Years of Service as defined under the plan. The Plan provides for benefits upon early retirement based on the number of years of service and age. Additional details can be found in the Plan.

For non-hazardous members, final compensation is the average of the five fiscal years during which the member had the highest average monthly salary. A non-hazardous member must have a minimum of 48 months in his final compensation. If the five fiscal years with highest earnings contain fewer than 48 months, additional fiscal years will be added to the calculation.

For non-hazardous members with 27 years of service who retire between August 1, 2001 and January 1, 2009, final compensation will be based on the three highest fiscal years of salary if the member's age when added to his service is at least 75. There must be a minimum of 24 months in the three fiscal years. If the three fiscal years with highest earnings contain fewer than 24 months, additional fiscal years will be added to the calculation.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2012

NOTE L - RETIREMENT PLAN (concluded)

For hazardous members, final compensation is the average of the three fiscal years during which the member had the highest average monthly salary. A hazardous member must have a minimum of 24 months in the final compensation. If the three fiscal years with highest earnings contain fewer than 24 months, additional fiscal years will be added to the calculation.

NOTE M – DEFERRED COMPENSATION PLAN

The City of Pikeville adopted Plan I and Plan II under the Kentucky Public Employees Deferred Compensation Authority allowing eligible employees to defer a portion of their compensation under Internal Revenue Code sections 457 and 401 (k). The plan was adopted for payroll ending October 16, 1998.

Funding for these plans is provided through payroll withholdings that are set by the employees. The City of Pikeville elected not to match any contribution to these funds for any employee. The contributions, by employees, to the 457 and 401 (k) are as follows:

<u>Year</u>	<u>457</u>	<u>401 (k)</u>
2012	\$19,377	\$5,470
2011	\$17,127	\$4,865
2010	\$16,197	\$5,630

NOTE N - RETIREMENT BENEFITS ORDINANCE

The City Board of Commissioners adopted ordinance no. 0-98-001 establishing parameters for certain retirement benefits. The ordinance establishes benefits for employees that meet the following criteria:

1. Were employed by the City of Pikeville on August 25, 1975;
2. Have completed at least 25 years of employment with the City of Pikeville; and
3. Retired from employment for the City of Pikeville.

The pension shall be \$500.00 per month payable from general funds, but there shall be a dollar for dollar offset for any other pension or retirement benefits received from any other source other than Social Security or SSI. The pension is payable only to the employee for and during his natural life. No disability plan or fund is established. No policemen or firemen are eligible to participate in this retirement plan.

The "pension benefit obligation" is a standardized disclosure measure of the present value of pension benefits estimated to be payable in the future. This Obligation could not be computed as information as to the number employees who are eligible, life expectancy, and the amount of other pensions or retirement benefits being received by those eligible. Due to the inability to compute the liability, no conclusions as to the materiality can be ascertained.

CITY OF PIKEVILLE, KENTUCKY

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2012

NOTE O - DEPOSITS WITH FINANCIAL INSTITUTIONS

At June 30, 2012, the carrying amount of the City's deposits with financial institutions was \$18,157,292 and the bank balance, per statements, was \$18,981,585. The bank balance is categorized as follows:

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE Q - LEASE AGREEMENTS

Pike County Chamber of Commerce, Inc. - Leases the building at 261 Hambley Blvd (train station). The lease is for a term of five (5) years, with the Lessor having the right to cancel upon 90 days written notice during the first three years of the lease if the City desires to sell the premises. Either party to the lease may cancel the lease upon 90 days written notice in the last two years of the lease term. Rent will be in the amount of \$400 per month.

Pikeville-Pike County Tourism and Recreation Commission - leases a Passenger Train Car and Contents located on Huffman Avenue for \$1.00 per year. The lease is a one year lease, automatically renewed for successive one-year terms, termination can be by either party upon giving sixty (60) days notice prior to the end of the term.

Dilco Development Company - leases the Dils Cemetery located adjacent to the Pikeville Bypass Road and Chloe Creek Road for \$1.00 per year. The lease is for a term of fifteen years, automatically renewed for successive one-year terms under the same terms and conditions, termination can be by either party upon giving 180 days notice prior to the end of the term.

Pikeville Area Family YMCA, Inc. - YMCA leases several properties:

- a - Land located in Bob Amos Park for consideration of \$1.00 per year for a term of fifty years. This agreement is dated December 31, 1991.
- b - Teen Center Building located in the Hambley Athletic Complex for consideration of \$450.00 per month.
- c - Softball Field located in Bob Amos Park for consideration of \$1.00 per year for a period of one year and the right to renew for five additional one year terms. Either party has the right to cancel by giving thirty days written notice of the parties' intent to terminate this lease or renewal thereof.
- d - For the Operation of the Pool from May 1, 2012 through September 30, 2012 the City agrees to pay \$25,000.

Model City Day Care Center, Inc. - leases daycare facilities located on Bank Street in Pikeville, Kentucky for \$1.00 per year. The lease is for a term of two years ending on December 31, 1992, renewable for two consecutive two year terms under the same terms and conditions, upon written notice by Model City Day Care Center, Inc. of its intent to renew 180 days prior to the end of the term of the lease or any renewal thereof. Any renewal is contingent on the Model City Day Care Center, Inc. being in substantial compliance with this agreement.

As amended on December 14, 2009 the term of the lease is extended to include the period of January 1, 2010 to December 31, 2012 and is extendable for two consecutive two year terms by written notification 180 days prior to the end of the term.

Channel 51 - leases the land located on Hambley Boulevard for consideration of \$10,917.43 a year.

Pikeville Independent Board of Education - Use of the Hambley Athletic Complex for consideration of \$20,000 per year for the life of the general obligation bonds; \$1,000 per month for the Maintenance and Operation rental Fee and \$800 per month for one hundred and thirty eight (138) months beginning July 1, 2000.

Big Sandy Heritage Center - Free use of the building at 773 Hambley Blvd (train station).

University of Pikeville - Use of Hambley complex \$2,955.00 per month.

Raul Urias, II - for playground area of the Pikeville Pond for the purpose of paddle boat rental and general store. A one year lease automatically renewed for two years unless canceled by either party upon giving thirty (30) day notice. Rent is \$1 per year.

**INDEPENDENT AUDITOR'S REPORT
ON SUPPLEMENTAL INFORMATION**

To the Mayor and Members of
The Board of Commissioners
City of Pikeville, Kentucky

Our report on the financial statements for the year ended June 30, 2012 appears on pages 10 and 11. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Pikeville, Kentucky basic financial statements. The individual major fund financial statements and combining statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Commissioners
City of Pikeville, Kentucky

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of City of Pikeville, Kentucky, as of and for the year ended June 30, 2012, which collectively comprise the City of Pikeville, Kentucky's basic financial statements and have issued our report thereon dated December 7, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered City of Pikeville, Kentucky's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Pikeville, Kentucky's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Pikeville, Kentucky's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Pikeville, Kentucky's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, City Commission, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Commissioners
City of Pikeville, Kentucky

Compliance

We have audited the compliance of City of Pikeville, Kentucky, with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2012. City of Pikeville, Kentucky's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of City of Pikeville, Kentucky's management. Our responsibility is to express an opinion on City of Pikeville, Kentucky's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about City of Pikeville, Kentucky's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of City of Pikeville, Kentucky's compliance with those requirements.

In our opinion, City of Pikeville, Kentucky, complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2012.

Internal Control Over Compliance

Management of City of Pikeville, Kentucky, is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered City of Pikeville, Kentucky's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of City of Pikeville, Kentucky's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

City of Pikeville, Kentucky's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit City of Pikeville, Kentucky's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of management, Board of Commissioners, others within the entity, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
